

TRANSCRIPT PREPARED BY THE CLERK OF THE LEGISLATURE
Transcriber's Office
FLOOR DEBATE

February 19, 2003 LB 94

SENATOR HARTNETT: So if I'm going to do this, say, in Sarpy County, then I'd have to go to someone in Sarpy County to get permission?

SENATOR SCHROCK: Yes, that would be correct

SENATOR HARTNETT: Okay. Thank you.

SENATOR CUDABACK: Thank you, Senator Hartnett. Any further discussion on committee amendments? Seeing none, Senator Schrock, did you wish to close on the committee amendments, as Chairman of the Natural Resources? He waives that opportunity. The question before the body is adoption of the committee amendments to LB 94. All in favor of the motion vote aye, opposed nay. We're voting on the adoption of the committee amendments to LB 94. Have you all voted who care to? Record please, Mr. Clerk.

CLERK: 29 ayes, 0 nays, Mr. President, on the adoption of committee amendments.

SENATOR CUDABACK: Committee amendments are adopted. On with discussion of the bill itself, LB 94 to E & R Initial. Anybody wishing to speak to the bill? Senator Schrock, I do not see any lights on. Did you wish to close on advancement?

SENATOR SCHROCK: Just briefly like to say, this bill was brought to us by the people that install septic tanks. And they're the concerned people that want to make sure that they're installed correctly, that our waters of the states are protected. And part of the problem was that people that didn't know what they were doing might be taking shortcuts in installing them. They want to make sure it's done correctly. And so they brought this to us. And I think it's a good bill, and it is something that will help protect our environment. I would appreciate your vote to advance to Select File.

SENATOR CUDABACK: You've heard the closing by Senator Schrock on advancement of LB 94. The question before the body is, shall LB 94 advance to E & R Initial? All in favor of the motion vote
